#### Southeast News.

Commerce Cor. Benton Democrat.

Nearly everyone in this neighborbood is through threshing wheat. They have threshed out about the best yield they have bad for years. Long strings of wagons are seen at all times of the day unloading wheat at our elevators.

New Madrid Record.

The experiments with rice growing in New Madrid county seem to have demonstrated that it can be made a profitable crop. There is only one obstacle, just now, to growing it extensively, and that is the lack of convenient rice mills to clean the grain for market,

Oran Cor. Benton Democrat.

Congressman Crow and his expert agriculturalist were with us Friday and spoke at the opera house. There was nothing to it. Instead of being in the interest of the farmer, they were simply touring the country at the expense of the government in the interest of Crow's candidacy for congress.

Benton Democrat.

Here's a watermelon story: Tom Wolsey, an old Benton boy, who lives on a farm near Blodgett, had 12 acres in watermelons and last week shipped 5 cars off his patch for which he received \$585, or \$48.75 an acre for his crop. He also shipped a carload this week from the same patch. There's no getting around it -Southeast Missouri land can't be beat for productiveness. About \$700 off of 12 acres in one year sure that sticks.

Ironton Register.

What is thought to be Texas fever has killed about twenty cows belonging to residents of Ironton the last week. Thus far no treatment has done any good, and within two or three days after being stricken, every animal afflicted has died. State Veterinarian Lucky arrived here this morning in response to a request from the authorities and we are told at once diagnosed the disease as Texas fever.

Bids will be opened at 1:00 o'clock p m.,

#### Obituary

Thursday, August 11, 1910, at the home of his father, near Lutesville, Brother Emroe M. Winters went to his final rest. The funeral was conducted at the family home by his pastor, Rev. W. A. Davanit, after which the remains were had to rest in the Deck cemetery.

He was born Oct. 23, 1882. A short life nobly spent. He said to his brother Jesse, "I would rather live a short life. to a noble purpose than a long life in an indifferent, careless manner,

Emroe's health failed in 1905, the year he graduated, at the head of his class, from Will Mayfield college. Believing a change of climate would benefit him he went to Colorado, but all to no purpose. A new months ago he returned and loving hands administered until the end came.

Brother Winters was a very devout member of the Marble Hill Baptist church. His work, though short, has impressed men at home and abroad,

It comes to us from his home in the West that his beautiful life impressed his associates. May he sleep sweetly.

Though gone to the mansion prepared by the Savier for those who love Him, his wise counsel and great usefulness will be remembered. No brighter light in the memories of those who knew him. They tell us that the bidding farewell, just before his departure, to father, sisters and brotner, with a word of advice and souvenir for each, was most im-

May the sorrowing father, brother and sisters find consolution in the promise of the Savior; "If I go I will come again and receive you unto myself, that where I am there we may be." May all relatives and friends look thru their tears to a brighter nour, when God shall wipe all away and heat every wounded heart. A. FRIEND.
